

# Powerful Learning Around You

We're training 150 000 early childhood practitioners, Grade R & Foundation Phase educators across South Africa on Play-based Learning.

**Play** is a FREE in-service training course that compliments existing and formal training. You complete the training at your own pace and during times that work best for you. The course only requires 2 dedicated hours a week from you.

How the programme works:

The course starts with 1 x playful five-hour face-to-face **workshop** encouraging you to PLAY and discover: Powerful Learning Around You

The rest of training happens on the **internet** where you will be guided to complete the sessions. These sessions include videos, reading, tasks, evaluation and reflection activities.

After every completed session, you will receive an email with more **play ideas** and resources.

You will receive a **certificate** after completing the training course with credits linked to continuous professional development.

sms **PLAY** to **30594** and we'll send you more information.
